

## Pentair Earns 2024 ENERGY STAR® Partner of the Year – Sustained Excellence Award

March 26, 2024

LONDON--(BUSINESS WIRE)-- Pentair (NYSE: PNR), a leader in helping the world sustainably move, improve, and enjoy water, is honored to receive the 2024 ENERGY STAR® Partner of the Year – Sustained Excellence Award from the U.S. Environmental Protection Agency (EPA) and the U.S. Department of Energy. This is the twelfth consecutive year Pentair has received this award.

“Pentair strives to create a better world for people and the planet through smart, sustainable water solutions that improve energy and water efficiency and improve customer outcomes,” said Karla Robertson, EVP, General Counsel, Secretary and Chief Social Responsibility Officer. “We are proud to provide our customers with energy-efficient products and are extremely honored to once again receive the ENERGY STAR Partner of the Year Award in recognition of our continued collaboration with the EPA.”

### A Legacy of Energy Excellence in the Pool Industry

Pentair has been named an ENERGY STAR Partner of the Year for twelve consecutive years. (Graphic: Business Wire)

Pentair was the first manufacturer of pool equipment to receive ENERGY STAR certification for its variable

speed pool pumps and has been named an ENERGY STAR Partner of the Year consecutively each year since 2013—longer than any other manufacturer in the pool industry. In 2023, Pentair offered 29 ENERGY STAR certified pool pump models helping U.S. consumers save approximately 782 million kWh of energy, resulting in greenhouse gas (GHG) emissions reductions of 554,485 metric tons of CO<sub>2</sub> and saving \$118 million in energy costs.\* Since 2005, Pentair ENERGY STAR pool pumps have been responsible for a cumulative 45 billion kWh of energy savings,\*\* 19.5 million metric tons of CO<sub>2</sub> emissions reduction and \$6.8 billion in operating cost savings for consumers.\*\*\*

### Championing Energy Savings in the Commercial Ice Industry

Manitowoc Ice from Pentair Water Solutions, a leading provider of commercial ice makers, has been a key contributor to ENERGY STAR Partner of the Year award winners for 15 consecutive years. With 68 ENERGY STAR certified models, Manitowoc Ice is a trailblazer in providing energy-efficient, high-quality ice-making solutions. In 2023, Manitowoc sales of ENERGY STAR ice makers helped customers save over 28.6 million kWh of energy, enough to provide electricity to 3,940 homes for a year, according to the United States Environmental Protection Agency (EPA).\*\*\*\*

Every year, the ENERGY STAR program recognizes prominent companies and entities for their exceptional efforts in advancing towards a sustainable energy economy. Winners of the ENERGY STAR awards are at the forefront of their respective sectors in promoting and crafting energy-efficient products for industrial, commercial, and residential purposes. These initiatives play a crucial role in combating the climate crisis, safeguarding public well-being, and fostering a sustainable energy landscape for all. Winners are selected from a network of thousands of ENERGY STAR partners. At Pentair, we help the world sustainably move, improve, and enjoy water, life's most essential resource. From our residential and commercial water solutions, to industrial water management and everything in between, Pentair is focused on smart, sustainable water solutions that help our planet and people thrive.

Pentair had revenue in 2023 of approximately \$4.1 billion, and trades under the ticker symbol PNR. With approximately 10,500 global employees serving customers in more than 150 countries, we work to help improve lives and the environment around the world. To learn more, visit [www.pentair.com](http://www.pentair.com).

## **ABOUT ENERGY STAR**

ENERGY STAR® is the government-backed symbol for energy efficiency, providing simple, credible, and unbiased information that consumers and businesses rely on to make well-informed decisions. Thousands of organizations—including nearly 40% of the Fortune 500®—partner with ENERGY STAR. Together with EPA, they deliver cost-saving energy efficiency solutions that protect the climate, improve air quality, and protect public health. Since 1992, ENERGY STAR and its partners helped American families and businesses avoid more than \$500 billion in energy costs and achieve more than 4 billion metric tons of greenhouse gas reductions. More background information about ENERGY STAR's impacts can be found at [www.energystar.gov/impacts](http://www.energystar.gov/impacts).
