

Pentair Announces Long-Term Goals, Share Repurchase Program, and Reaffirms Guidance

May 8, 2018

LONDON, United Kingdom - May 8, 2018 - Pentair plc (NYSE: PNR) ("Pentair") introduced its long-term goals today, which include:

- Core sales growth of 2 to 4 percent per year.
- Segment income growth of 6 to 8 percent per year.
- Base adjusted earnings per share growth of 8 to 10 percent per year, inclusive of approximately \$150 million of share repurchases per year.

In addition, the company announced today that its Board of Directors has authorized it to repurchase up to \$750 million of Pentair shares. The new authorization allows Pentair to commence share repurchases effective immediately and expires on May 31, 2021. Pentair intends to repurchase outstanding shares from time to time in the open market using cash flow generated by its operations. This new authorization replaces the prior authorization under which \$450 million remained available for share repurchases as of March 31, 2018.

Further, Pentair reaffirmed its 2018 GAAP EPS from continuing operations guidance of a range of \$1.75 to \$1.80 and on an adjusted EPS basis of a range of \$2.25 to \$2.30. The company continues to expect full year 2018 sales of approximately \$2.96 billion, up 3 to 4 percent on a reported and core basis over 2017. The company continues to target to deliver full year free cash flow of approximately 100 percent of adjusted net income.

The company also reaffirms its second quarter 2018 GAAP EPS from continuing operations guidance of \$0.44 to \$0.46 and, on an adjusted EPS basis, of \$0.67 to \$0.69. The company continues to expect second quarter sales to be approximately \$0.79 billion, up 4 to 5 percent on a reported basis and up 3 to 4 percent on a core basis compared to second quarter 2017.

NON-GAAP MEASURES

- "Core sales" refers to GAAP revenue from continuing operations excluding (1) the impact of currency translation and (2) the impact of revenue from acquired businesses recorded prior to the first anniversary of the acquisition less the amount of sales attributable to divested product lines not considered discontinued operations.
- Segment income represents equity income of unconsolidated subsidiaries and operating income from continuing operations exclusive of non-cash intangible amortization, certain acquisition related expenses, costs of restructuring activities, impairments, and other unusual non-operating items.
- Adjusted EPS excludes the impact of non-cash intangible amortization, certain acquisition related expenses, costs of restructuring activities, impairments, and other unusual non-operating items.

Reconciliations of these items to the applicable GAAP measure with respect to Pentair's long-term goals cannot be provided without unreasonable efforts due to the variability and lack of visibility of these items.
