**Pentair plc and Subsidiaries****Notes to condensed consolidated financial statements (unaudited)****1. Basis of Presentation and Responsibility for Interim Financial Statements**

The accompanying unaudited condensed consolidated financial statements of Pentair plc and its subsidiaries (“we,” “us,” “our,” or “Pentair”) have been prepared following the requirements of the United States (“U.S.”) Securities and Exchange Commission for interim reporting. As permitted under those rules, certain footnotes or other financial information that are normally required by accounting principles generally accepted in the United States of America (“GAAP”) can be condensed or omitted.

We are responsible for the unaudited condensed consolidated financial statements included in this document. The financial statements include all normal recurring adjustments that are considered necessary for the fair presentation of our financial position and operating results. As these are condensed financial statements, one should also read our consolidated financial statements and notes thereto, which are included in our Annual Report on Form 10-K for the year ended December 31, 2025.

Revenues, expenses, cash flows, assets and liabilities can and do vary during each quarter of the year. Therefore, the results and trends in these interim financial statements may not be indicative of those for a full year.

Effective January 1, 2026, we reorganized the composition of our Flow and Water Solutions reportable segments to reflect how we are managing our business. As a result of this reorganization, our legacy residential and irrigation flow business moved from our Flow segment into our Water Solutions segment. The Pool segment remains unchanged. The applicable prior period amounts related to this change have been retrospectively reclassified to conform to the new composition. These changes have no impact on the Company’s historical consolidated financial performance or results of operations.

Our fiscal year ends on December 31. We report our interim quarterly periods on a calendar quarter basis.

**2. Revenue**

We disaggregate our revenue from contracts with customers by reportable segment, geographic location and vertical market, as we believe these best depict how the nature, amount, timing and uncertainty of our revenue and cash flows are affected by economic factors. Refer to Note 14 for revenue disaggregated by reportable segment.

Geographic net sales information, based on geographic destination of the sale, was as follows:

<i>In millions</i>	<b>Three months ended</b>	
	<b>March 31, 2026</b>	<b>March 31, 2025</b>
U.S.	\$ 730.9	\$ 724.7

<sup>(1)</sup> Developing primarily includes China, Latin America, the Middle East and Southeast Asia.

<sup>(2)</sup> Other Developed primarily includes Australia and Canada.

Vertical market net sales information was as follows:

<i>In millions</i>	<b>Three months ended</b>	
	<b>March 31, 2026</b>	<b>March 31, 2025</b>
Residential	\$ 566.4	\$ 580.4

**Notes to condensed consolidated financial statements (unaudited)**

*Performance obligations*

As of March 31, 2026, we had \$123.3 million of remaining performance obligations on contracts with an original expected duration of one year or more. We expect to recognize the majority of our remaining performance obligations on these contracts within the next 12 to 18 months.

*Contract assets and liabilities*

Contract assets and liabilities consisted of the following:

<i>In millions</i>	March 31, 2026	December 31, 2025	\$ Change	% Change
Contract assets	\$ 52.5	\$ 53.9	\$ (1.4)	(2.6)%
Contract liabilities	43.9	42.8	1.1	2.6 %
Net contract assets	\$ 8.6	\$ 11.1	\$ (2.5)	(22.5)%

The \$2.5 million decrease in net contract assets from December 31, 2025 to March 31, 2026 was primarily the result of timing of milestone payments. Approximately 60% of our contract liabilities at December 31, 2025 were recognized in revenue in the first quarter of 2026.

**3. Share Plans**

Total share-based compensation expense for the three months ended March 31, 2026 and 2025 was as follows:

<i>In millions</i>	Three months ended	
	March 31, 2026	March 31, 2025
Restricted stock units	\$ 3.9	\$ 3.3
Stock options	2.6	2.6
Performance share units	9.2	6.7
Total share-based compensation expense	\$ 15.7	\$ 12.6

In the first quarter of 2026, we issued our annual share-based compensation grants under the Pentair plc 2020 Share and Incentive Plan to eligible employees. The total number of awards issued was approximately 0.4 million, of which 0.2 million were restricted stock units (“RSUs”), 0.1 million were stock options and 0.1 million were performance share units (“PSUs”). The weighted-average grant date fair value of the RSUs, stock options and PSUs issued was \$99.59, \$37.31 and \$103.78, respectively.

We estimated the fair value of each stock option award issued in the annual share-based compensation grant using a Black-Scholes option pricing model, modified for dividends and using the following assumptions:

	2026 Annual Grant
Risk-free interest rate	3.67 %
Expected dividend yield	1.01 %
Expected share price volatility	32.00 %
Expected term (years)	6.7

These estimates require us to make assumptions based on historical results, observance of trends in our share price, changes in option exercise behavior, future expectations and other relevant factors. If other assumptions had been used, share-based compensation expense, as calculated and recorded under the accounting guidance, could have been affected. We based the expected life assumption on historical experience as well as the terms and vesting periods of the options granted. For purposes of determining expected share price volatility, we considered a rolling average of historical volatility measured over a period approximately equal to the expected option term. The risk-free interest rate for periods that coincide with the expected life of the options is based on the U.S. Treasury Department yield curve in effect at the time of grant.

**4. Restructuring and Transformation Program**

We have a program designed to accelerate growth and drive margin expansion through transformation of our business model to drive operational excellence, reduce complexity and streamline our processes (the “Transformation Program”). The Transformation Program is structured in multiple phases and is expected to empower us to work more efficiently and optimize our business to better serve our customers while meeting our financial objectives.

During the three months ended March 31, 2026, we initiated and continued execution of activities associated with our Transformation Program as well as initiated and continued certain business restructuring initiatives aimed at reducing our fixed cost structure and realigning our business. Restructuring and Transformation Program initiatives included a reduction in hourly and salaried headcount of approximately 50 employees during the three months ended March 31, 2026.

Restructuring and transformation-related costs included within *Cost of goods sold* and *Selling, general and administrative* expense in the Condensed Consolidated Statements of Operations and Comprehensive Income included the following:

<i>In millions</i>	Three months ended	
	March 31, 2026	March 31, 2025
<b>Restructuring Initiatives</b>

<b>Total restructuring and transformation costs</b>	<b>\$ 25.2</b>	<b>\$ 24.0</b>

<sup>(1)</sup> Other restructuring costs and related adjustments primarily consist of certain accruals and related refinements as well as various contract termination costs.

<sup>(2)</sup> Other transformation costs primarily consist of professional services and project management related costs.

Restructuring and transformation costs by reportable segment as well as Corporate and other were as follows:

<i>In millions</i>	Three months ended

**6. Accounts Receivable**

All trade receivables are reported on our Condensed Consolidated Balance Sheets at the outstanding principal amount adjusted for any allowance for credit losses and write-offs, net of recoveries. We record an allowance for credit losses, reducing our receivables balance to an amount we estimate is collectible from our customers. Estimates used in determining the allowance for credit losses are based on current trends, aging of accounts receivable, periodic credit evaluations of our customers' financial condition, and historical collection experience as well as reasonable and supportable forecasts of future economic conditions. We review our allowance for credit losses on a quarterly basis. Write-offs are recorded at the time all collection efforts have been exhausted. We generally do not require collateral.

Activity related to our allowance for credit losses is summarized as follows for the three months ended March 31, 2026:

	<b>March 31, 2026</b>
<i>In millions</i>	
Beginning balance	\$ 6.8
Bad debt benefit	(0.8)
Write-offs, net of recoveries	(0.2)
Other <sup>(1)</sup>	0.2

**8. Goodwill and Other Identifiable Intangible Assets**

The changes in the carrying amount of goodwill by reportable segment were as follows:

<i>In millions</i>	December 31, 2025		Reallocation <sup>(1)</sup>	January 1, 2026		Foreign Currency Translation	March 31, 2026
Flow	\$	967.5	\$ (326.3)	\$	641.2	\$ (7.4)	633.8
Water Solutions		1,407.1	326.3		1,733.4	(6.0)	1,727.4
Pool		1,163.5	—		1,163.5	—	1,163.5
Total goodwill	\$	3,538.1	\$ —	\$	3,538.1	\$ (13.4)	3,524.7

<sup>(1)</sup> In the first quarter of 2026, we reorganized the composition of our reportable segments, as disclosed in Note 1, which resulted in a change to our reporting unit structure. A quantitative assessment was performed for the impacted reporting units, using the income and market approaches. The estimated fair values of the impacted reporting units significantly exceeded the carrying values, and therefore, no impairment charge was recorded. As a result of the assessment, we reallocated \$44.2 million of goodwill from the Flow segment to the Water Solutions segment based on the relative fair values of the impacted reporting units. In addition, \$282.1 million was reallocated from the Flow segment to the Water Solutions segment prospectively to conform to the new segment composition.

Identifiable intangible assets consisted of the following:

<i>In millions</i>	March 31, 2026			December 31, 2025		
	Cost	Accumulated amortization	Net	Cost	Accumulated amortization	Net
<b>Definite-life intangibles</b>

**Pentair plc and Subsidiaries****Notes to condensed consolidated financial statements (unaudited)****9. Debt**

Debt and the average interest rates on debt outstanding were as follows:

<i>In millions</i>	Average interest rate as of March 31, 2026	Maturity Year	March 31, 2026	December 31, 2025

<b>Total debt</b>			<b>\$ 1,944.3</b>	<b>\$ 1,638.6</b>

<sup>(1)</sup> Senior notes are guaranteed as to payment by Pentair plc.

Pentair, Pentair Finance S.à r.l (“PFSA”) and Pentair, Inc. are parties to a credit agreement (the “Senior Credit Facility”), with Pentair as guarantor and PFSA and Pentair, Inc. as borrowers, which was amended and restated in May 2025, providing for a \$900.0 million senior unsecured revolving credit facility. The Senior Credit Facility has a maturity date of May 5, 2030. Borrowings under the Senior Credit Facility bear interest at a rate equal to an alternate base rate, adjusted term secured overnight financing rate, adjusted euro interbank offered rate, adjusted daily simple secured overnight financing rate or central bank rate, plus, in each case, an applicable margin. The applicable margin is based on, at PFSA’s election, Pentair’s leverage level or PFSA’s public credit rating.

As of March 31, 2026, total availability under the Senior Credit Facility was \$317.4 million. In addition, PFSA has the option to request to increase the revolving credit facility and/or to enter into one or more additional tranches of term loans in an aggregate amount of up to \$450.0 million, subject to customary conditions, including the commitment of the participating lenders.

In addition, Pentair and PFSA are parties to a senior unsecured term loan facility (the “Term Loan Facility”), with PFSA, as borrower, Pentair, as guarantor, providing for an aggregate principal amount of \$1.0 billion. The Term Loan Facility has a maturity date of July 28, 2027, with required quarterly installment payments of \$6.3 million which began on the last day of the third quarter of 2023 and increased to \$12.5 million on the last day of the third quarter of 2024. During 2024, PFSA repaid the remaining \$162.5 million of quarterly installments on the Term Loan Facility, such that PFSA is not required to make any further quarterly installment payments. As of March 31, 2026, the remaining obligation of \$575.0 million matures on July 28, 2027. The Term Loan Facility bears interest at a rate equal to an alternate base rate, adjusted term secured overnight financing rate, or adjusted daily simple secured overnight financing rate, plus, in each case, an applicable margin. The applicable margin is based on, at PFSA’s election, Pentair’s leverage level or PFSA’s public credit rating.

Our debt agreements contain various financial covenants, but the most restrictive covenants are contained in the Senior Credit Facility and the Term Loan Facility. The Senior Credit Facility and the Term Loan Facility contain covenants requiring us not to permit (i) the ratio of our consolidated debt (net of our consolidated unrestricted cash and cash equivalents in excess of \$5.0 million but not to exceed \$250.0 million) to our consolidated net income (excluding, among other things, non-cash gains and losses) before interest, taxes, depreciation, amortization and non-cash share-based compensation expense (“EBITDA”) on the last day of any period of four consecutive fiscal quarters (each, a “testing period”) to exceed 3.75 to 1.00 (or, at PFSA’s election and subject to certain conditions, 4.25 to 1.00 for four testing periods in connection with certain material acquisitions) (the “Leverage Ratio”) and (ii) the ratio of our EBITDA to our consolidated interest expense, for the same period to be less than 3.00 to 1.00 as of the end of each fiscal quarter. For purposes of the Leverage Ratio, the Senior Credit Facility and the Term Loan Facility provide for the calculation of EBITDA giving pro forma effect to certain acquisitions, divestitures and liquidations during the period to which such calculation relates.

In addition to the Senior Credit Facility and the Term Loan Facility, we have various other credit facilities with an aggregate availability of \$21.1 million, of which there were no outstanding borrowings at March 31, 2026. Borrowings under these credit facilities bear interest at variable rates.

We have no debt obligations maturing in the next twelve months.

**10. Derivatives and Financial Instruments**

***Derivative financial instruments***

We are exposed to market risk related to changes in foreign currency exchange rates and interest rates on our variable rate indebtedness. To manage the volatility related to these exposures, we periodically enter into a variety of derivative financial instruments. Our objective is to reduce, where it is deemed appropriate to do so, fluctuations in earnings and cash flows associated with changes in foreign currency exchange rates or variable interest rates. The derivative contracts contain credit risk to the extent that our bank counterparties may be unable to meet the terms of the agreements. The amount of such credit risk is generally limited to the unrealized gains, if any, in such contracts. Such risk is minimized by limiting those counterparties to major financial institutions of high credit quality.

***Foreign currency contracts***

We conduct business in various locations throughout the world and are subject to market risk due to changes in the value of foreign currencies in relation to our reporting currency, the U.S. dollar. We manage our economic and transaction exposure to certain market-based risks through the use of foreign currency derivative financial instruments. Our objective in holding these derivatives is to reduce the volatility of net earnings and cash flows associated with changes in foreign currency exchange rates. The majority of our foreign currency contracts have an original maturity date of less than one year.

At March 31, 2026 and December 31, 2025, we had outstanding foreign currency derivative contracts with gross notional U.S. dollar equivalent amounts of \$55.2 million and \$23.2 million, respectively. The impact of these contracts on the Condensed Consolidated Statements of Operations and Comprehensive Income was not material for any period presented.

***Cross currency swaps***

At March 31, 2026 and December 31, 2025, we had outstanding cross currency swap agreements with a combined notional amount of \$1.0 billion and \$1.1 billion, respectively. The agreements are accounted for as either cash flow hedges, to hedge foreign currency fluctuations on certain intercompany debt, or as net investment hedges to manage our exposure to fluctuations in the Euro-U.S. Dollar exchange rate. We had deferred foreign currency losses of \$49.6 million and \$68.0 million at March 31, 2026 and December 31, 2025, respectively, recorded in *Accumulated other comprehensive loss* associated with our cross currency swap activity. The periodic interest settlements related to our cross currency swap agreements are classified as operating activities. The cash flows that relate to principal balances are classified as financing activities for the cash flow hedges on intercompany debt and investing activities for the net investment hedges.

***Hedging of variable interest rates***

We manage our exposure to certain interest rate risks related to our variable-rate debt through the use of interest rate swaps and collars. We enter into these agreements to hedge the variability of interest expense and cash flows attributable to changes in interest rates of our variable-rate debt. As of March 31, 2026, we had an aggregate notional amount of \$300.0 million and \$200.0 million in interest rate swaps and collars, respectively, that are designated as cash flow hedges. The interest rate swaps expired on April 15, 2026.

Unrealized gains and losses related to the fair value of the interest rate swaps are recorded in *Accumulated other comprehensive loss* on our Condensed Consolidated Balance Sheets. At March 31, 2026, there were no unrealized gains or losses associated with our interest rate swap and collar activity. At December 31, 2025, we had an unrealized loss of \$0.2 million, recorded in *Accumulated other comprehensive loss* associated with our interest rate swap and collar activity. The periodic interest settlements related to our interest rate swaps and collars are classified as operating activities.

**Pentair plc and Subsidiaries****Notes to condensed consolidated financial statements (unaudited)****Fair value measurements**

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Assets and liabilities measured at fair value are classified using the following hierarchy, which is based upon the transparency of inputs to the valuation as of the measurement date:

- Level 1:* Valuation is based on observable inputs such as quoted market prices (unadjusted) for identical assets or liabilities in active markets.
- Level 2:* Valuation is based on inputs such as quoted market prices for similar assets or liabilities in active markets or other inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.
- Level 3:* Valuation is based upon other unobservable inputs that are significant to the fair value measurement.

In making fair value measurements, observable market data must be used when available. When inputs used to measure fair value fall within different levels of the hierarchy, the level within which the fair value measurement is categorized is based on the lowest level input that is significant to the fair value measurement.

**Fair value of financial instruments**

The following methods were used to estimate the fair values of each class of financial instrument:

- *short-term financial instruments (cash and cash equivalents, accounts and notes receivable, accounts payable and variable-rate debt)* — recorded amount approximates fair value because of the short maturity period;
- *long-term fixed-rate debt, including current maturities* — fair value is based on market quotes available for issuance of debt with similar terms, which are inputs that are classified as Level 2 in the valuation hierarchy defined above;
- *foreign currency contracts, interest rate swap and collar agreements* — fair values are determined through the use of models that consider various assumptions, including time value, yield curves, as well as other relevant economic measures, which are inputs that are classified as Level 2 in the valuation hierarchy defined above;
- *deferred compensation plan assets (mutual funds and cash equivalents for payment of certain non-qualified benefits for retired, terminated and active employees)* — fair value of mutual funds and cash equivalents are based on quoted market prices in active markets that are classified as Level 1 in the valuation hierarchy defined above; and
- *contingent earn-out liabilities* — fair value is generally established using a probability-weighted discounted income approach to convert future estimated cash flows to a single present value amount. The related inputs are classified as Level 3 in the valuation hierarchy defined above.

The recorded amounts and estimated fair values of total debt, excluding unamortized issuance costs and discounts, were as follows:

<i>In millions</i>	<b>March 31, 2026</b>		<b>December 31, 2025</b>	
	<b>Recorded Amount</b>	<b>Fair Value</b>	<b>Recorded Amount</b>	<b>Fair Value</b>

<sup>(1)</sup> During the year ended December 31, 2025, we recorded an impairment charge on a definite-lived customer relationship intangible asset of \$30.9 million. We determined the value using unobservable inputs and wrote the balance of the definite-lived intangible asset to zero. The impairment charge was recorded in *Selling, general and administrative* expense in the Condensed Consolidated Statements of Operations and Comprehensive Income.

In December 2024, we completed the acquisition of G & F Manufacturing, LLC (“G & F Manufacturing”). In conjunction with the acquisition, we recorded an estimated fair value of \$8.0 million of contingent earn-out liabilities, which are considered Level 3 under our fair value hierarchy. The recorded fair value of the associated contingent earn-out liabilities was reviewed as of March 31, 2026, with no change in fair value. The fair value of the contingent earn-out liabilities will be re-measured for each reporting period until resolution of the contingent earn-out payments, and any resulting changes to fair value would be recorded in earnings.

## 11. Income Taxes

We manage our affairs so that we are centrally managed and controlled in the United Kingdom (“U.K.”) and therefore have our tax residency in the U.K. The provision for income taxes consists of provisions for the U.K. and international income taxes. We operate in an international environment with operations in various locations outside the U.K. Accordingly, the consolidated income tax rate is a composite rate reflecting the earnings in the various locations and the applicable rates.

The effective income tax rate for the three months ended March 31, 2026 was 15.1%, compared to 15.3% for the three months ended March 31, 2025. We continue to actively pursue initiatives to reduce our effective tax rate. The tax rate in any quarter can be affected positively or negatively by the mix of global earnings or adjustments that are required to be reported in the specific quarter of resolution.

The total gross liability for uncertain tax positions was \$6.5 million and \$6.7 million at March 31, 2026 and December 31, 2025, respectively. We record penalties and interest related to unrecognized tax benefits in *Provision for income taxes* and *Net interest expense*, respectively, on the Condensed Consolidated Statements of Operations and Comprehensive Income, which is consistent with our past practices.

The Organization for Economic Co-operation and Development Pillar Two Model Rules (“Pillar Two”) for a global 15.0% minimum tax have been adopted by a number of jurisdictions in which we operate. For the three months ended March 31, 2026 and March 31, 2025, the impact of Pillar Two on our condensed consolidated financial statements was not material.

**Pentair plc and Subsidiaries****Notes to condensed consolidated financial statements (unaudited)****12. Benefit Plans**

Components of net periodic benefit expense for our pension plans for the three months ended March 31, 2026 and 2025 were as follows:

<i>In millions</i>	Three months ended

Net periodic benefit expense	\$ 1.1	\$ 1.1

Components of net periodic benefit expense for our other post-retirement plans for the three months ended March 31, 2026 and 2025 were not material.

**13. Shareholders' Equity****Share repurchases**

In December 2025, the Board of Directors authorized the repurchase of our ordinary shares up to a maximum dollar limit of \$1.0 billion. The authorization expires on December 31, 2028. During the three months ended March 31, 2026, we repurchased 2.0 million of our ordinary shares for \$200.0 million. As of March 31, 2026, we had \$800.0 million available for share repurchases under this authorization.

**Dividends payable**

On February 23, 2026, the Board of Directors declared a quarterly cash dividend of \$0.27 per share, payable on May 1, 2026 to shareholders of record at the close of business on April 17, 2026. As a result, the balance of dividends payable included in *Other current liabilities* on our Condensed Consolidated Balance Sheets was \$43.6 million at March 31, 2026, compared to \$44.1 million at December 31, 2025.

**14. Segment Information**

We classify our operations into three reportable segments:

- **Flow** — The focus of this segment is to deliver water where it is needed, when it is needed, more efficiently and to transform waste into value. This segment designs, manufactures and sells a variety of fluid treatment and pump products and systems, including pressure vessels, gas recovery solutions, membrane bioreactors, wastewater reuse systems and advanced membrane filtration, separation systems, specialty insertion valves, line stop fittings and installation equipment, turbine pumps and solid handling pumps, while serving the global commercial and industrial markets. These products and systems are used in a range of applications, including fluid delivery, ion exchange, desalination, food and beverage, separation technologies for the oil and gas industry, residential and municipal wells, water treatment, wastewater solids handling, pressure boosting, fire suppression and flood control.
- **Water Solutions** — The focus of this segment is to provide great tasting, higher-quality water and ice while helping people use water more productively. This segment designs, manufactures and sells commercial and residential water treatment products and systems including pressure tanks, control valves, activated carbon products, commercial ice machines, conventional filtration products, point-of-entry and point-of-use water treatment systems, fluid transfer pumps, agricultural spray nozzles, as well as certain water disposal and water supply pumps. These water treatment products and systems are for use in residential whole home water filtration, drinking water filtration and water softening solutions in addition to commercial total water management and filtration in foodservice operations, circulation and transfer, agricultural irrigation and crop spray.
- **Pool** — The focus of this segment is to provide innovative, energy-efficient pool solutions to help people more sustainably enjoy water. This segment designs, manufactures and sells a complete line of energy-efficient residential and commercial pool equipment and accessories including pumps, filters, heaters, lights, automatic controls, chlorinators, automatic cleaners, maintenance equipment and pool accessories. Applications for our pool products include residential and commercial pool maintenance, pool repair, renovation, service, construction and aquaculture solutions.

**Pentair plc and Subsidiaries**
**Notes to condensed consolidated financial statements (unaudited)**

We evaluate performance based on net sales and reportable segment income and use certain ratios, particularly return on sales, to measure performance of our reportable segments. These results are not necessarily indicative of the results of operations that would have occurred had each segment been an independent, stand-alone entity during the periods presented. Reportable segment income represents operating income of each reportable segment inclusive of equity income of unconsolidated subsidiaries and exclusive of intangible amortization, certain acquisition related expenses, costs of restructuring and transformation activities, impairments, legal accrual adjustments and settlements and other unusual non-operating items. "Corporate and other" activity primarily consists of corporate expenses not allocated to the segments, including executive office, board of directors, and centrally-managed corporate functional or shared service costs related to finance, human resources, communications and corporate development. These activities do not meet the criteria for a stand-alone reportable segment under accounting standards codification ("ASC") 280. The accounting policies of our reportable segments are consistent with those described in the summary of significant accounting policies in our Annual Report on Form 10-K for the year ended December 31, 2025.

Financial information by reportable segment as well as a reconciliation of reportable segment income to consolidated income from continuing operations before income taxes is as follows:

<sup>(3)</sup> These costs exclude certain expenses reported in the Condensed Consolidated Statements of Operations and Comprehensive Income, including costs that are reflected in "Corporate and other" and expenses excluded from reportable segment income as defined above.

**Pentair plc and Subsidiaries****Notes to condensed consolidated financial statements (unaudited)****15. Commitments and Contingencies****Warranties**

We provide service and warranty policies on our products. Liability under service and warranty policies is based upon a review of historical warranty and service claim experience. Adjustments are made to accruals as claim data and historical experience warrant.

The changes in the carrying amount of service and product warranties from continuing operations for the three months ended March 31, 2026 were as follows:

**Stand-by letters of credit, bank guarantees and bonds**

In the ordinary course of business, we are required to commit to bonds, letters of credit and bank guarantees that require payments to our customers for any non-performance. The outstanding face value of these instruments fluctuates with the value of our projects in process and in our backlog. In addition, we issue financial stand-by letters of credit primarily to secure our performance to third parties under self-insurance programs.

As of March 31, 2026 and December 31, 2025, the outstanding value of bonds, letters of credit and bank guarantees totaled \$115.3 million and \$115.0 million, respectively.

## ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

### *Forward-looking statements*

This report contains statements that we believe to be “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. All statements, other than statements of historical fact, are forward-looking statements. Without limitation, any statements preceded or followed by or that include the words “targets,” “plans,” “believes,” “expects,” “intends,” “will,” “likely,” “may,” “anticipates,” “estimates,” “projects,” “should,” “would,” “could,” “positioned,” “strategy,” or “future” or words, phrases, or terms of similar substance or the negative thereof are forward-looking statements. These forward-looking statements are not guarantees of future performance and are subject to risks, uncertainties, assumptions and other factors, some of which are beyond our control, which could cause actual results to differ materially from those expressed or implied by such forward-looking statements. ### *Overview*

The terms “us,” “we,” “our” or “Pentair” refer to Pentair plc and its consolidated subsidiaries. At Pentair, we help the world sustainably move, improve and enjoy water, life’s most essential resource. From our residential and commercial water solutions to industrial water management and everything in between, Pentair is an S&P 500 company focused on smart, sustainable water solutions that help our planet and people thrive.

We are comprised of three reportable segments: Flow, Water Solutions and Pool. Effective January 1, 2026, we reorganized the composition of our Flow and Water Solutions reportable segments to reflect how we are managing our business. As a result of this reorganization, our legacy residential and irrigation flow business moved from our Flow segment into our Water Solutions segment. The Pool segment remains unchanged. We believe the new alignment with our residential and irrigation flow business in our Water Solutions segment will help us accelerate our efforts to improve customer experiences, enhance operational efficiencies and deliver more comprehensive solutions. The applicable prior period amounts related to this change have been retrospectively reclassified to conform to the new composition. These changes have no impact on the Company’s historical consolidated financial performance or results of operations.

For the first three months of 2026, the Flow, Water Solutions and Pool reportable segments represented approximately 25%, 38% and 37% of total consolidated net sales, respectively. We classify our operations into reportable segments based primarily on types of products offered and markets served:

- **Flow** — The focus of this segment is to deliver water where it is needed, when it is needed, more efficiently and to transform waste into value. This segment designs, manufactures and sells a variety of fluid treatment and pump products and systems, including pressure vessels, gas recovery solutions, membrane bioreactors, wastewater reuse systems and advanced membrane filtration, separation systems, specialty insertion valves, line stop fittings and installation equipment, turbine pumps and solid handling pumps, while serving the global commercial and industrial markets. These products and systems are used in a range of applications, including fluid delivery, ion exchange, desalination, food and beverage, separation technologies for the oil and gas industry, residential and municipal wells, water treatment, wastewater solids handling, pressure boosting, fire suppression and flood control.

- **Water Solutions** — The focus of this segment is to provide great tasting, higher-quality water and ice while helping people use water more productively. This segment designs, manufactures and sells commercial and residential water treatment products and systems including pressure tanks, control valves, activated carbon products, commercial ice machines, conventional filtration products, point-of-entry and point-of-use water treatment systems, fluid transfer pumps, agricultural spray nozzles, as well as certain water disposal and water supply pumps. These water treatment products and systems are for use in residential whole home water filtration, drinking water filtration and water softening solutions in addition to commercial total water management and filtration in foodservice operations, circulation and transfer, agricultural irrigation and crop spray.
- **Pool** — The focus of this segment is to provide innovative, energy-efficient pool solutions to help people more sustainably enjoy water. This segment designs, manufactures and sells a complete line of energy-efficient residential and commercial pool equipment and accessories including pumps, filters, heaters, lights, automatic controls, chlorinators, automatic cleaners, maintenance equipment and pool accessories. Applications for our pool products include residential and commercial pool maintenance, pool repair, renovation, service, construction and aquaculture solutions.

In September 2025, as part of our Flow reportable segment, we completed the acquisition of Hydra-Stop, LLC (“Hydra-Stop”) for \$292.1 million in cash, net of cash acquired, and subject to customary adjustments. Hydra-Stop manufactures specialty insertion valves, line stop fittings and installation equipment.

#### ***Key trends and uncertainties regarding our existing business***

The following trends and uncertainties affected our financial performance in the first three months of 2026 and are reasonably likely to impact our results in the future:

- We have a Transformation Program designed to accelerate growth and drive margin expansion through transformation of our business model to drive operational excellence, reduce complexity and streamline our processes. During 2025 and the first three months of 2026, we made strategic progress on our Transformation Program initiatives with a focus on our four key themes of pricing excellence, sourcing excellence, operational excellence and organizational effectiveness. We expect to continue to execute on our key Transformation Program initiatives to drive margin expansion and to incur transformation costs throughout the remainder of 2026 and beyond.
- During 2025 and the first three months of 2026, we implemented 80/20 guiding principles to enable our Transformation Program. As we continue to focus on 80/20 guiding principles in 2026, we expect to create value by increasing focus on key customers and products through quadrant-based strategies. We expect this approach to enable improved operating performance by driving margin growth with our highest value customers, reducing lower margin sales and removing complexity in the future.
- During 2025 and the first three months of 2026, we executed certain business restructuring initiatives aimed at reducing our fixed cost structure and realigning our business. We expect these actions to continue throughout the remainder of 2026 and to drive margin expansion.
- During 2025 and the first three months of 2026, we experienced inflationary cost increases, including tariffs, for certain raw materials as well as logistics and transportation costs. Tariffs, along with potential retaliatory measures by other countries, have contributed to higher input costs and supply chain complexity. The ongoing volatility in the commodities market also has the potential to continue to drive price increases in our supply chain. To address these inflationary pressures, we have implemented pricing increases and taken other actions including inventory pre-buys and supply chain optimization. In addition, our Transformation Program initiatives are intended to improve productivity and offset cost increases. We anticipate that inflationary cost increases and supply chain pressures, including additional or increased tariffs in the future, as well as any related impacts on macroeconomic conditions and our business, will likely persist throughout the remainder of 2026.
- During 2025, the current U.S. administration implemented tariffs under the International Emergency Economic Powers Act (“IEEPA”). On February 20, 2026, the U.S. Supreme Court struck down certain tariffs imposed under the IEEPA. While the process for reimbursement became available on April 20, 2026, the timing and amount of any potential refunds for previously collected tariffs remain uncertain and may be subject to further legal and regulatory developments. We will continue to monitor the situation and evaluate the impact of any replacement tariffs or policy changes on our business, including the potential for cost recovery and future tariff exposure.

- The Organization for Economic Co-operation and Development Pillar Two Model Rules (“Pillar Two”) for a global 15.0% minimum tax have been adopted by a number of jurisdictions in which we operate. Pillar Two has negatively impacted our effective tax rate during the first three months of 2026 and is likely to continue to impact our effective tax rate in the future. We continue to evaluate the enacted legislative changes and new guidance as it becomes available.
- We have identified specific product and geographic market opportunities that we find attractive and continue to pursue, both within and outside the U.S. We expect to continue investing in our businesses to drive these opportunities through research and development and additional sales and marketing resources. Unless we successfully penetrate these markets, our core sales growth will likely be limited or may decline.

In 2026, our operating objectives focus on delivering our core and building our future. We expect to execute these objectives by:

- Delivering profitable revenue growth and productivity for customers and shareholders;
- Continuing to focus on capital allocation through:
  - Committing to maintain our investment grade rating;
  - Focusing on reducing our long-term debt;
  - Returning cash to shareholders through dividends and share repurchases; and
  - Accelerating our performance with strategically aligned mergers and acquisitions;
- Focusing growth initiatives that accelerate our investments in digital, innovation, technology and sustainability;
- Evolving the Pentair Business System which includes executing our Transformation Program initiatives and using the Pentair leadership tools to drive operational excellence, reduce complexity and improve our organizational structure, with a continued focus on 80/20 guiding principles for profitable growth; and
- Building a high-performance growth culture and delivering on our commitments while living our Win Right values.

## CONSOLIDATED RESULTS OF OPERATIONS

The consolidated results of operations for the three months ended March 31, 2026 and 2025 were as follows:

<i>In millions</i>	Three months ended			
	March 31, 2026	March 31, 2025	\$ Change	% / Point Change

### Net sales

The components of the consolidated net sales change from the prior period were as follows:

	Three months ended March 31, 2026 over the prior year period
Volume	(4.2)%
Price	5.3
Core growth	1.1
Acquisition/Divestitures	(0.6)
Currency	2.1
Total	2.6 %

The 2.6 percent increase in net sales in the first quarter of 2026 from 2025 was primarily driven by:

- increased selling prices across all of our segments to mitigate inflationary cost increases;
- favorable foreign currency effects compared to the same period of the prior year; and
- increased sales due to the acquisition of Hydra-Stop completed in the third quarter of 2025.

This increase was partially offset by:

- decreased sales volume compared to the same period of the prior year; and
- a business exit in the commercial business of our Water Solutions segment that occurred during the second quarter of 2025.

**Gross profit**

The 1.9 percentage point increase in gross profit as a percentage of net sales in the first quarter of 2026 from 2025 was primarily driven by:

- increased selling prices across all our segments to mitigate inflationary cost increases;
- increased productivity across all our segments; and
- no asset impairment and write-offs in the first quarter of 2026, compared to \$5.2 million in the first quarter of 2025.

This increase was partially offset by:

- inflationary cost increases, including higher tariffs and certain raw material costs.

**Selling, general and administrative expenses (“SG&A”)**

The 1.7 percentage point increase in SG&A as a percentage of net sales in the first quarter of 2026 from 2025 was primarily driven by:

- restructuring and other costs of \$21.4 million in the first quarter of 2026, compared to \$10.5 million in the first quarter of 2025; and
- transformation costs of \$11.5 million in the first quarter of 2026, compared to \$9.1 million in the first quarter of 2025.

**Net interest expense**

The 2.0 percent increase in net interest expense in the first quarter of 2026 from 2025 was primarily driven by:

- a reduction of interest income due to lower cash balances in the first quarter of 2026 compared to the first quarter of 2025.

**Provision for income taxes**

The 0.2 percentage point decrease in the effective tax rate in the first quarter of 2026 from 2025 was primarily driven by:

- a favorable mix of global earnings.

This decrease was partially offset by:

- the decrease in the amount of favorable discrete items in 2026 compared to 2025.

**SEGMENT RESULTS OF OPERATIONS**

The summary that follows provides a discussion of the results of operations of our three reportable segments (Flow, Water Solutions and Pool). Each of these segments comprises various product offerings that serve multiple end users.

We evaluate performance based on net sales and reportable segment income (“segment income”) and use certain ratios, particularly return on sales, to measure performance of our reportable segments. Segment income represents operating income of each reportable segment inclusive of equity income of unconsolidated subsidiaries and exclusive of intangible amortization, certain acquisition related expenses, costs of restructuring and transformation activities, impairments, legal accrual adjustments and settlements and other unusual non-operating items.

**Flow**

The net sales and segment income for Flow were as follows:

<i>In millions</i>	<b>Three months ended</b>		<b>% / Point Change</b>
	<b>March 31, 2026</b>	<b>March 31, 2025</b>	
Net sales	\$ 258.1	\$ 232.6	11.0%
Segment income	61.2	50.2	21.9%
<i>% of net sales</i>	23.7 %	21.6 %	2.1 pts

**Net sales**

The components of the change in Flow net sales from the prior period were as follows:

	<b>Three months ended March 31, 2026 over the prior year period</b>
Volume	(1.1)%
Price	3.6
Core growth	2.5
Acquisition/Divestiture	4.3
Currency	4.2
Total	11.0 %

The 11.0 percent increase in net sales for Flow in the first quarter of 2026 from 2025 was primarily driven by:

- increased sales due to the acquisition of Hydra-Stop completed in the third quarter of 2025;
- favorable foreign currency effects compared to the same period of the prior year; and
- increased selling prices to mitigate inflationary cost increases.

This increase was partially offset by:

- decreased sales volume compared to the same period of the prior year.

**Segment income**

The components of the change in Flow segment income as a percentage of net sales from the prior period were as follows:

	<b>Three months ended March 31, 2026 over the prior year period</b>
Volume/Price/Acquisition/Divestiture	4.7 pts
Currency	(0.3)
Inflation	(2.9)
Productivity	0.6
Total	2.1 pts

The 2.1 percentage point increase in segment income for Flow as a percentage of net sales in the first quarter of 2026 from 2025 was primarily driven by:

- increased selling prices to mitigate impacts of inflation;
- the income of the Hydra-Stop acquisition; and
- increased productivity.

This increase was partially offset by:

- inflationary cost increases, including higher tariffs and certain raw material costs; and
- unfavorable foreign currency effects compared to the same period of the prior year.

**Water Solutions**

The net sales and segment income for Water Solutions were as follows:

<i>In millions</i>	<b>Three months ended</b>		<b>% / Point Change</b>
	<b>March 31, 2026</b>	<b>March 31, 2025</b>	
Net sales	\$ 391.0	\$ 393.5	(0.6)%
Segment income	99.9	94.1	6.2%
<i>% of net sales</i>	25.5 %	23.9 %	1.6 pts

**Net sales**

The components of the change in Water Solutions net sales from the prior period were as follows:

	<b>Three months ended March 31, 2026 over the prior year period</b>
Volume	(4.5)%
Price	5.4
Core growth	0.9
Acquisition/Divestiture	(4.0)
Currency	2.5
Total	(0.6)%

The 0.6 percent decrease in net sales for Water Solutions in the first quarter of 2026 from 2025 was primarily driven by:

- decreased sales volume compared to the same period of the prior year; and
- a business exit in our commercial business that occurred in the second quarter of 2025.

This decrease was partially offset by:

- increased selling prices to mitigate inflationary cost increases; and
- favorable foreign currency effects compared to the same period of the prior year.

**Segment income**

The components of the change in Water Solutions segment income as a percentage of net sales from the prior period were as follows:

	<b>Three months ended March 31, 2026 over the prior year period</b>
Volume/Price/Acquisition/Divestiture	3.6 pts
Currency	(0.7)
Inflation	(4.4)
Productivity	3.1
Total	1.6 pts

The 1.6 percentage point increase in segment income for Water Solutions as a percentage of net sales in the first quarter of 2026 from 2025 was primarily driven by:

- increased selling prices to mitigate impacts of inflation; and
- increased productivity.

*This increase was partially offset by:*

- inflationary cost increases, including higher tariffs and certain raw material costs; and
- unfavorable foreign currency effects compared to the same period of the prior year.

#### **Pool**

The net sales and segment income for Pool were as follows:

<i>In millions</i>	Three months ended		% / Point Change
	March 31, 2026	March 31, 2025	
Net sales	\$ 387.1	\$ 383.9	0.8%
Segment income	128.1	126.0	1.7%
<i>% of net sales</i>	33.1 %	32.8 %	0.3 pts

#### **Net sales**

The components of the change in Pool net sales from the prior period were as follows:

	Three months ended March 31, 2026 over the prior year period
Volume	(5.8)%
Price	6.3
Core growth	0.5
Currency	0.3
<b>Total</b>	<b>0.8 %</b>

*The 0.8 percent increase in net sales for Pool in the first quarter of 2026 from 2025 was primarily driven by:*

- increased selling prices to mitigate inflationary cost increases.

*This increase was partially offset by:*

- decreased sales volume compared to the same period of the prior year.

#### **Segment income**

The components of the change in Pool segment income as a percentage of net sales from the prior period were as follows:

	Three months ended March 31, 2026 over the prior year period
Volume/Price/Acquisition/Divestiture	3.3 pts
Currency	(0.2)
Inflation	(5.3)
Productivity	2.5
<b>Total</b>	<b>0.3 pts</b>

*The 0.3 percentage point increase in segment income for Pool as a percentage of net sales in the first quarter of 2026 from 2025 was primarily driven by:*

- increased selling prices to mitigate impacts of inflation; and
- increased productivity.

*This increase was partially offset by:*

- inflationary cost increases, including higher tariffs and certain raw material costs.

## LIQUIDITY AND CAPITAL RESOURCES

We generally fund cash requirements for working capital, capital expenditures, equity investments, acquisitions, debt repayments, dividend payments and share repurchases from cash generated from operations, availability under existing committed revolving credit facilities and in certain instances, public and private debt and equity offerings. Our primary revolving credit facility has generally been adequate for these purposes, although we have negotiated additional credit facilities or completed debt and equity offerings as needed to allow us to complete acquisitions.

We experience seasonal cash flows primarily due to seasonal demand in a number of markets. Consistent with historical trends, we experienced seasonal cash usage in the first quarter of 2026 and drew on our revolving credit facility to fund our operations. This cash usage typically reverses in the second quarter as the seasonality of our businesses peak. We expect historical seasonal patterns to continue and the second quarter of 2026 to generate significant cash to fund our operations.

End-user demand for pool equipment in the Pool segment and water solution, residential water supply and agricultural products in the Water Solutions segment follows warm weather trends, with seasonal highs ranging from April to September. The magnitude of the sales spike has historically been partially mitigated by employing advance sale “early buy” programs (generally including extended payment terms and/or additional discounts). Demand for residential and agricultural water systems is also impacted by weather patterns, particularly by temperature, heavy flooding and droughts.

We expect to continue to have sufficient cash and borrowing capacity to support working capital needs and capital expenditures, to pay interest and service debt and to pay dividends to shareholders quarterly. We believe our existing liquidity position, coupled with our currently anticipated operating cash flows, will be sufficient to meet our cash needs arising in the ordinary course of business for the next twelve months.

### Summary of cash flows

<i>In millions</i>	<b>Three months ended</b>	
	<b>March 31, 2026</b>	<b>March 31, 2025</b>
Net cash (used for) provided by:		
Operating activities	\$ (67.4)	\$ (38.9)
Investing activities	(18.3)	(16.8)
Financing activities	50.6	87.1

#### *Operating activities*

Net cash used for operating activities in the first three months of 2026 primarily reflects a cash outflow of \$275.8 million as a result of changes in net working capital, primarily due to an increase in accounts receivable largely related to certain advance sale programs in anticipation of our distributors’ peak sales season in the second and third quarters. The outflow related to net working capital was partially offset by net income from continuing operations, net of non-cash depreciation, definite-lived intangible amortization and share-based compensation, of \$206.8 million.

Net cash used for operating activities in the first three months of 2025 primarily reflects a cash outflow of \$255.5 million as a result of changes in net working capital, primarily due to an increase in accounts receivable largely related to certain advance sale programs in anticipation of our distributors’ peak sales season in the second and third quarters. The outflow related to net working capital was partially offset by net income from continuing operations, net of non-cash depreciation, definite-lived intangible amortization, share-based compensation and asset impairment, of \$201.7 million.

#### *Investing activities*

Net cash used for investing activities in the first three months of 2026 primarily reflects capital expenditures of \$18.5 million.

Net cash used for investing activities in the first three months of 2025 reflects capital expenditures of \$16.8 million.

#### *Financing activities*

Net cash provided by financing activities in the first three months of 2026 primarily relates to net borrowings of revolving long-term debt of \$304.9 million, partially offset by share repurchases of \$200.0 million and dividend payments of \$44.1 million.

Net cash provided by financing activities in the first three months of 2025 primarily relates to net borrowings of revolving long-term debt of \$196.2 million, partially offset by share repurchases of \$50.0 million and dividend payments of \$41.2 million.

### **Free cash flow**

In addition to measuring our cash flow generation or usage based upon operating, investing and financing classifications included in the Condensed Consolidated Statements of Cash Flows, we also measure our free cash flow. We have a long-term goal to consistently generate free cash flow that is equal to 100 percent conversion of net income. Free cash flow is a non-U.S. GAAP financial measure that we use to assess our cash flow performance. We believe free cash flow is an important measure of liquidity because it provides us and our investors a measurement of cash generated from operations that is available to pay dividends, repurchase shares and repay debt. In addition, free cash flow is used as a criterion to measure and pay compensation-based incentives. Our measure of free cash flow may not be comparable to similarly titled measures reported by other companies.

The following table is a reconciliation of free cash flow:

<i>In millions</i>	<b>Three months ended</b>	
	<b>March 31, 2026</b>	<b>March 31, 2025</b>
Net cash used for operating activities	\$ (67.4)	\$ (38.9)
Capital expenditures	(18.5)	(16.8)
Proceeds from sale of property and equipment	0.2	—
<b>Free cash flow</b>	<b>\$ (85.7)</b>	<b>\$ (55.7)</b>

### **Debt and capital**

Pentair, Pentair Finance S.à r.l (“PFSA”) and Pentair, Inc. are parties to a credit agreement (the “Senior Credit Facility”), with Pentair as guarantor and PFSA and Pentair, Inc. as borrowers, which was amended and restated in May 2025, providing for a \$900.0 million senior unsecured revolving credit facility. The Senior Credit Facility has a maturity date of May 5, 2030. Borrowings under the Senior Credit Facility bear interest at a rate equal to an alternate base rate, adjusted term secured overnight financing rate, adjusted euro interbank offered rate, adjusted daily simple secured overnight financing rate or central bank rate, plus, in each case, an applicable margin. The applicable margin is based on, at PFSA’s election, Pentair’s leverage level or PFSA’s public credit rating.

As of March 31, 2026, total availability under the Senior Credit Facility was \$317.4 million. In addition, PFSA has the option to request to increase the revolving credit facility and/or to enter into one or more additional tranches of term loans in an aggregate amount of up to \$450.0 million, subject to customary conditions, including the commitment of the participating lenders.

In addition, Pentair and PFSA are parties to a senior unsecured term loan facility (the “Term Loan Facility”), with PFSA, as borrower, Pentair, as guarantor, providing for an aggregate principal amount of \$1.0 billion. The Term Loan Facility has a maturity date of July 28, 2027, with required quarterly installment payments of \$6.3 million which began on the last day of the third quarter of 2023 and increased to \$12.5 million on the last day of the third quarter of 2024. During 2024, PFSA repaid the remaining \$162.5 million of quarterly installments on the Term Loan Facility, such that PFSA is not required to make any further quarterly installment payments. As of March 31, 2026, the remaining obligation of \$575.0 million matures on July 28, 2027. The Term Loan Facility bears interest at a rate equal to an alternate base rate, adjusted term secured overnight financing rate, or adjusted daily simple secured overnight financing rate, plus, in each case, an applicable margin. The applicable margin is based on, at PFSA’s election, Pentair’s leverage level or PFSA’s public credit rating.

Our debt agreements contain various financial covenants, but the most restrictive covenants are contained in the Senior Credit Facility and the Term Loan Facility. The Senior Credit Facility and the Term Loan Facility contain covenants requiring us not to permit (i) the ratio of our consolidated debt (net of our consolidated unrestricted cash and cash equivalents in excess of \$5.0 million but not to exceed \$250.0 million) to our consolidated net income (excluding, among other things, non-cash gains and losses) before interest, taxes, depreciation, amortization and non-cash share-based compensation expense (“EBITDA”) on the last day of any period of four consecutive fiscal quarters (each, a “testing period”) to exceed 3.75 to 1.00 (or, at PFSA’s election and subject to certain conditions, 4.25 to 1.00 for four testing periods in connection with certain material acquisitions) (the “Leverage Ratio”) and (ii) the ratio of our EBITDA to our consolidated interest expense, for the same period to be less than 3.00 to 1.00 as of the end of each fiscal quarter. For purposes of the Leverage Ratio, the Senior Credit Facility and the Term

Loan Facility provide for the calculation of EBITDA giving pro forma effect to certain acquisitions, divestitures and liquidations during the period to which such calculation relates.

In addition to the Senior Credit Facility and the Term Loan Facility, we have various other credit facilities with an aggregate availability of \$21.1 million, of which there were no outstanding borrowings at March 31, 2026. Borrowings under these credit facilities bear interest at variable rates.

As of March 31, 2026, we had \$31.6 million of cash held in certain countries in which the ability to repatriate is limited due to local regulations or significant potential tax consequences.

#### *Share repurchases*

In December 2025, the Board of Directors authorized the repurchase of our ordinary shares up to a maximum dollar limit of \$1.0 billion. This authorization expires on December 31, 2028. During the three months ended March 31, 2026, we repurchased 2.0 million of our ordinary shares for \$200.0 million. As of March 31, 2026, we had \$800.0 million available for share repurchases under this authorization.

#### *Dividends payable*

On February 23, 2026, the Board of Directors declared a quarterly cash dividend of \$0.27 per share, payable on May 1, 2026 to shareholders of record at the close of business on April 17, 2026. As a result, the balance of dividends payable included in *Other current liabilities* on our Condensed Consolidated Balance Sheets was \$43.6 million at March 31, 2026, compared to \$44.1 million at December 31, 2025.

We paid dividends in the first three months of 2026 of \$44.1 million, or \$0.27 per ordinary share compared with \$41.2 million, or \$0.25 per ordinary share, in the prior year period.

Under Irish law, the payment of future cash dividends and repurchases of shares may be paid only out of Pentair plc's "distributable reserves" on its statutory balance sheet. Pentair plc is not permitted to pay dividends out of share capital, which includes share premiums. Distributable reserves may be created through the earnings of the Irish parent company and through a reduction in share capital approved by the Irish High Court. Distributable reserves are not linked to a U.S. generally accepted accounting principles ("GAAP") reported amount (e.g., retained earnings). Our distributable reserve balance was \$6.4 billion as of December 31, 2025.

#### *Supplemental guarantor information*

Pentair plc (the "Parent Company Guarantor"), fully and unconditionally, guarantees the senior notes of PFSA (the "Subsidiary Issuer"). The Subsidiary Issuer is a Luxembourg private limited liability company and 100 percent-owned subsidiary of the Parent Company Guarantor.

The Parent Company Guarantor is a holding company established to own directly and indirectly substantially all of its operating and other subsidiaries. The Subsidiary Issuer is a holding company formed to own directly and indirectly substantially all of its operating and other subsidiaries and to issue debt securities, including the senior notes. The Parent Company Guarantor's principal source of cash flow, including cash flow to make payments on the senior notes pursuant to the guarantees, is dividends from its subsidiaries. The Subsidiary Issuer's principal source of cash flow is interest income from its subsidiaries. None of the subsidiaries of the Parent Company Guarantor or the Subsidiary Issuer is under any direct obligation to pay or otherwise fund amounts due on the senior notes or the guarantees, whether in the form of dividends, distributions, loans or other payments. In addition, there may be statutory and regulatory limitations on the payment of dividends from certain subsidiaries of the Parent Company Guarantor or the Subsidiary Issuer. If such subsidiaries are unable to transfer funds to the Parent Company Guarantor or the Subsidiary Issuer and sufficient cash or liquidity is not otherwise available, the Parent Company Guarantor or the Subsidiary Issuer may not be able to make principal and interest payments on their outstanding debt, including the senior notes or the guarantees.

The following table presents summarized financial information as of March 31, 2026 and December 31, 2025 for the Parent Company Guarantor and Subsidiary Issuer on a combined basis after elimination of (i) intercompany transactions and balances among the guarantors and the issuer and (ii) equity in earnings from and investments in any subsidiary that is a non-guarantor or issuer.

<i>In millions</i>	<b>March 31, 2026</b>	<b>December 31, 2025</b>
Current assets <sup>(1)</sup>	\$ 2.1	\$ 3.1
Noncurrent assets <sup>(2)</sup>	2,503.4	2,503.6
Current liabilities <sup>(3)</sup>	2,249.1	2,310.8
Noncurrent liabilities <sup>(4)</sup>	2,142.1	1,853.8

<sup>(1)</sup>No assets due from non-guarantor subsidiaries were included as of March 31, 2026 and December 31, 2025, respectively.

<sup>(2)</sup>Includes assets due from non-guarantor subsidiaries of \$2,500.3 million and \$2,503.6 million as of March 31, 2026 and December 31, 2025, respectively.

<sup>(3)</sup>Includes liabilities due to non-guarantor subsidiaries of \$2,182.8 million and \$2,235.8 million as of March 31, 2026 and December 31, 2025, respectively.

<sup>(4)</sup>Includes liabilities due to non-guarantor subsidiaries of \$167.5 million and \$171.4 million as of March 31, 2026 and December 31, 2025, respectively.

The Parent Company Guarantor and Subsidiary Issuer do not have material results of operations on a combined basis.

### **CRITICAL ACCOUNTING POLICIES**

We have adopted various accounting policies to prepare the consolidated financial statements in accordance with GAAP. Certain of our accounting policies require the application of significant judgment by management in selecting the appropriate assumptions for calculating financial estimates. In our Annual Report on Form 10-K for the year ended December 31, 2025, we identified the critical accounting policies that affect our more significant estimates and assumptions used in preparing our consolidated financial statements. There have been no material changes to our critical accounting policies and estimates from those disclosed in our Annual Report on Form 10-K for the year ended December 31, 2025.

### **ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

There have been no material changes in our market risk during the quarter ended March 31, 2026. For additional information refer to Item 7A of our Annual Report on Form 10-K for the year ended December 31, 2025.

## **ITEM 4. CONTROLS AND PROCEDURES**

### **(a) Evaluation of Disclosure Controls and Procedures**

We maintain a system of disclosure controls and procedures designed to provide reasonable assurance as to the reliability of our published financial statements and other disclosures included in this report. Our management evaluated, with the participation of our Chief Executive Officer and our Chief Financial Officer, the effectiveness of the design and operation of our disclosure controls and procedures as of the end of the quarter ended March 31, 2026 pursuant to Rule 13a-15(b) of the Securities Exchange Act of 1934 (the “Exchange Act”). Based upon their evaluation, our Chief Executive Officer and our Chief Financial Officer concluded that our disclosure controls and procedures were effective, at the reasonable assurance level, as of the end of the quarter ended March 31, 2026 to ensure that information required to be disclosed by us in the reports we file or submit under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the Securities and Exchange Commission’s rules and forms, and to ensure that information required to be disclosed by us in the reports we file or submit under the Exchange Act is accumulated and communicated to our management, including our principal executive and principal financial officers, as appropriate to allow timely decisions regarding required disclosures.

### **(b) Changes in Internal Control over Financial Reporting**

There was no change in our internal control over financial reporting that occurred during the quarter ended March 31, 2026 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

During 2024, we began a multi-year implementation of our new global enterprise resource planning (“ERP”) system. Ultimately, this ERP system will modernize several of our existing operating and transactional financial systems. We believe this implementation will enhance our internal control over financial reporting due to improved operational functionality and further integration of related processes. As a result of this ERP implementation process, we have automated, modified or implemented certain internal controls as appropriate. We will continue to monitor our internal control over financial reporting for effectiveness throughout the remainder of this implementation.

## **PART II OTHER INFORMATION**

### **ITEM 1. LEGAL PROCEEDINGS**

We have been, and in the future may be, made parties to a number of actions filed, or have been, and in the future may be, given notice of potential claims relating to the conduct of our business, including those relating to commercial, regulatory or contractual disputes with suppliers, customers, authorities or parties to acquisitions and divestitures; intellectual property matters; environmental, asbestos, safety and health matters; product liability; claims relating to the use or installation of our products; consumer matters; and employment and labor matters.

### **ITEM 1A. RISK FACTORS**

There have been no material changes from the risk factors previously disclosed in Item 1A. of our Annual Report on Form 10-K for the year ended December 31, 2025.

**ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS**

The following table provides information with respect to purchases we made of our ordinary shares during the first quarter of 2026:

Period	(a) Total number of shares purchased	(b) Average price paid per share	(c) Total number of shares purchased as part of publicly announced plans or programs	(d) Dollar value of shares that may yet be purchased under the plans or programs
January 1 - January 31	17,226	\$ 104.17	—	\$ 1,000,000,000
February 1 - February 28	1,673,071	100.63	1,615,370	837,504,248
March 1 - March 31	420,432	97.84	383,220	800,004,397
<b>Total</b>	<b>2,110,729</b>		<b>1,998,590</b>	

- (a) The purchases in this column include 17,226 shares for the period January 1 - January 31, 57,701 shares for the period February 1 - February 28 and 37,212 shares for the period March 1 - March 31 deemed surrendered to us by participants in our equity incentive plans to satisfy the exercise price or withholding of tax obligations related to the exercise of stock options and vesting of restricted and performance shares.
- (b) The average price paid in this column includes shares deemed surrendered to us by participants in our equity incentive plans to satisfy the exercise price for the exercise price of stock options and withholding tax obligations due upon stock option exercises and vesting of restricted and performance shares.
- (c) The number of shares in this column represents the number of shares repurchased as part of our publicly announced plans to repurchase our ordinary shares up to the maximum dollar limit authorized by the Board of Directors, discussed below.
- (d) In December 2025, the Board of Directors authorized the repurchase of our ordinary shares up to a maximum dollar limit of \$1.0 billion. This authorization expires on December 31, 2028. As of March 31, 2026, we had \$800.0 million remaining availability for share repurchases under this authorization. From time to time, we may enter into a Rule 10b5-1 trading plan for the purpose of repurchasing shares under this authorization.

**ITEM 5. OTHER INFORMATION**

- (c) During the first quarter of 2026, none of our directors or Section 16 officers adopted or terminated a “Rule 10b5-1 trading arrangement” or “non-Rule 10b5-1 trading arrangement” (as each term is defined in Item 408(a) of Regulation S-K).
